MISCELLANEOUS.

PURE BLOOD

Means health and happiness; bad blood means Scrofula, Canker, Blotches, Salt Rheum, Cancer Pimples, Boils, Ulcers, Tumors, Black Heads and various other difficulties which are always the outgrowth of impure blood.

REV. THEO. GERRISH is Pastor of the Pine Street M. E. Church, and author of "The Blue and the Gray." A member of his family had a severe case of Canker in Mouth and Stomach, tried in various ways to get relief, at last bought Brown's Sarsaparilla and was cured. Rev. Mr. Gerrish will endorse the above.

MR. G. A. PARCHER, of Ellsworth, is agent for the American Express Co., and owns a drug store. There was in that town an acquaintance of his whose vocation was that of a sailor. Fram eating salt food he had contracted a bad case of humor; hair came out, face and body covered with blotches. He took one bottle

BROWN'S SARSAPARILLA

and it helped him more than anything he ever had When he went to sea a few days ago he bought a large supply and said he should come home a well man.

MR. FRANK CURTIS, the well-known boot and shoe dealer in Bangor, had trouble with Canker in Mouth and Stomach. This caused constant sour stomach, indigestion, etc. Mr. Curtis has for years tried to get rid of this humor, and only succeeded when he began the use of Brown's Sarsaparilla. Mr. Curtis authorizes the use of his name. He is in better health than for years. He says

BROWN'S SARSAPARILLA

s a wonderful medicine for humor.

W. A. JOHNSON is a clothing dealer on Pickering Square, Bangor. "I have had," said Mr. Johnson, "a canker or humor about me for a long time, which showed itself in my stomach and mouth and I had a feeling which I can best describe as general ability. Have tried many remedies, and at last bought Brown's Sarsaparilla. I am free to say that, so far as my experience goes, it is the best thing for purifying the blood known."

If you have any disease arising from impure blood, no matter how serious, you may be sure that Brown's Sarsaparilla will cure you. If not, money will be refunded.

BROWN'S SARSAPARILLA

It is sold by all Druggists for $1.00; 6 bottles for $5.00. ARA WARREN, Proprietor, Bangor, Me. my27 eod1y1stor4thpcF

BEWARE

of Counterfeits and Counterfeiters.

Reliable information discloses the fact that the public is being deceived by unprincipled druggists, who, when asked for Biliousine, deal out to their customers a spurious imitation compounded by themselves. The counterfeit has not the curative properties of Biliousine, and it has in many cases produced serious distress and vomiting.

Biliousine is never sold to any one excepting in bottles having the stopples sealed with a strip bearing the signature of Snow & Earle. Every purchaser of Biliousine should be careful not to accept anything which is represented to be the "same thing" as Biliousine. Take nothing but the genuine Biliousine, which is the only sure cure for Headache, Dyspepsia, Constipation, Indigestion, Sour Stomach, Heartburn, Liver Complaint, and all diseases which proceed from a disordered stomach. HOSTETTER'S CELEBRATED STOMACH BITTERS

The invigorating and tranquilizing operation of Hostetter's Stomach Bitters is most powerfully developed in cases of indigestion. The first effect of this agreeable tonic is comforting and encouraging. A mild glow pervades the system, and the nervous restlessness which characterizes the disease is abated. This improvement is not transient. It is not succeeded by the return of the old symptoms with superadded force, as is always the case when unmedicated stimulants are given for the complaint. For sale by all Druggists and Dealers generally. oct2 FMW&w1m

BIG BLAZE.

Granite Block in Bath Badly Damaged Last Night.

The Sagadahoc House in Flames,

And at One Time Threatened with Destruction.

[Special to the Press.]

BATH, Oct. 6.—Granite Block caught fire at 10.45 o'clock tonight, just as the people were going home from the entertainment given by the Charlotte Thompson company. The engines were on the spot within five minutes after the alarm was given and throwing water within ten minutes. The fire spread rapidly. The upper and second stories were gutted, and the ground floor was deluged with water.

Granite Block is owned by the widow of Dr. G. P. Stockbridge, and is valued at $20,000. The upper story is occupied as a billiard hall by D. M. Pembroke, who is insured. Two policies covered the second story, which was occupied by J. B. Drake, insurance agent.

George H. Nichols occupies the ground floor, who was partially insured.

The Sagadahoc House was in flames at one time, and was threatened with total destruction.

[LATER.]

The telegraph wires run over the roof of Granite Block, and about 11.30 the fire cut off communication with other places by either telegraph or telephone, and from the operator's residence the remaining dispatches were wired.

The fire was first discovered issuing from the stairway leading down between the Sagadahoc House and Granite Block by officer Hugh Tibbetts of the night force. He immediately rung in an alarm, and in less than seven minutes steamer Kennebec, No. 3, was drawing water from City Landing, and directing a stream on the front of the building. Engine No. 2 soon arrived, and from a position on Water street directed a stream on the rear of the building. The chemical had been doing good work before the arrival of the steamers, playing on the Sagadahoc House, which was endangered. Within half an hour from the time of the alarm the two upper stories were in flames, and at 11.11 the roof fell in with a loud crash. The Sagadahoc House was at that time blazing all along the northern eaves, and it appeared to be doomed, as the wind was blowing strong directly from the northward, sweeping the flames directly upon the roof. At this crisis, when the boarders had all packed their trunks and dragged them out into the halls, preparatory to flight, Engine No. 2 brought a stream to bear by carrying the hose up through Hyde's foundry to the upper hall of the hotel. From the attic windows, and by shifting from one to another, the firemen poured a deluge of water on the already blazing building, and thus saved from destruction an edifice which cost when new not less than $80,000.

By 12 o'clock the flames had been so far subdued that the hotel was pronounced out of danger.

The damage by water is not less than $2,000; the flood of water which was poured on to the roof by the engines soaked down through every story to the ground floor, and flooded the dining room in the Sagadahoc House. The damage to Granite Block is estimated as follows: The upper and second stories are gutted, while the large dry goods store of Gee. H. Nichols, but partially insured, was flooded with water, and a large portion of the stock is damaged. Messrs. Drake and Nichols are both in Boston.

[To the Associated Press.]

BATH, Oct. 6.—Granite Block, on Front street, owned by Mrs. Dr. G. P. Stockbridge, and valued at $20,000, was partially destroyed by fire to night. The fire broke out in the third story and spread downward. The third and second floors and the roof were burned, and the dry goods store of G. H. Nichols beneath was drenched with water and the stock damaged. The Sagadahoc House was threatened several times, but was saved. The damage by water is $2000. The block was partly insured. The roof fell in and the firemen were unable to reach the upper floor, as the stairway was burned.

More About the Wrecked Schooner Romeo.

[Special to the Press.]

PORT CLYDE, Oct. 6.—Schooner Romeo, Boston for Bangor, while off Monhegan on the night of the 4th inst., carried away rudder head. Afterwards the Captain left the vessel alone in the boat and it has since been learned he arrived safely at Bangor. One young man remained on board and the next morning succeeded in running the schooner ashore on Metinic Island when he escaped with great difficulty. The vessel has all gone to piece.

Fire at Bath.

BATH, Oct. 6.—Fire was discovered Tuesday morning at 3.45 o'clock in the residence of Wm. Hennessey, on Vine street, by the owner. The steamers were on hand in quick time. The damage will amount to upwards of $500, the most of the loss being on household goods. The origin of the fire is not known.

New Sharon's Fire Record.

FARMINGTON, Oct. 6.—The farm house of Samuel Works, in New Sharon, was burned yesterday afternoon, with nearly its entire contents. Loss about $1500.

A Sailor Suicides.

ROCKLAND, Oct. 6.—The body of Chester Gray, a sailor, 20 years old, was found this afternoon hanging by the neck in Fales' Oaks. He apparently had been dead a week. No cause is assigned for the suicide.

Farmers' Festivals.

FARMINGTON, Oct. 6.—The forty-sixth annual show and fair of the Franklin Agricultural Society opened on the society's park here today. There was a good display of oxen especially and a good display of steers, with an unusually large exhibit of a[illegible]. Weather permitting, the society will have a successful exhibit. Wednesday and Thursday several fine horses are entered and good trotting is expected.

DAMARISCOTTA, Oct. 6.—The Lincoln county fair opened here today and will continue through Wednesday and Thursday. The display today is the largest of any day in the history of the society. Tomorrow there will be a colt race for a purse, and on Thursday there will be races in the 2.50 and three minute classes. A highly successful exhibition is indicated.

WATERVILLE, Oct. 6.—The North Kennebec agricultural and horticultural fair opened today. The attendance and interest was great, and there is the finest show of neat stock ever here. The hall exhibit also is superior to that of the State fair in quality. The society is now on a firm basis. The fair will continue three days.

MONMOUTH, Oct. 6.—The annual cattle show and fair of the Monmouth Agricultural Society occurred today. The attendance was very large, and the cattle display pronounced excellent. The pulling matches were closely contested. The farm product exhibit is very fine, especially that of fruit. The fancy work department is also good and the show as a whole is above the average of former years.

Washington S. J. Court.

MACHIAS, Oct. 6.—Court opened this forenoon Judge Libbey presiding. Of the 234 docket cases 31 are marked for trial. There is a large attendance and several important cases will be settled by a jury.

Order of United Friends.

BANGOR, Oct. 6.—The Grand Council of the Maine Order of United Friends was organized here tonight by Deputy Imperial Councillor O. M. Shedd of Poughkeepsie, N. Y., assisted by Imperial Prelate Rev. R. L. Howard of Franconia, N. H., and Past Grand Councillor M. G. Prentiss of Brewer. Five Councils were represented by their Past Grand Councillors, and the following officers were elected:

G. C.—R. H. Burnham, Rockland.
G. V. C.—O. S. Sands, Bangor.
G. P.—H. S. Marden, Augusta.
G. R.—A. E. Gilman, Bangor.
G. T.—M. A. Frye, Newport.
G. M. E.—Dr. G. W. Martin, Augusta.
G. M.—W. A. Crabtree, Hancock.
G. G.—F. A. Crockett, Bangor.
P. G. C.—Stephen Alden, Bangor.
Trustees—E. A. Butler and R. B. Miller, Rockland; M. G. Prentiss, Brewer.

Representative to Imperial Council—M. G. Prentiss; alternate, Stephen Alden.

It was voted to hold the first annual session in Bangor on the first Tuesday of October, 1886. After installation a banquet was tendered the Grand Council by Rising Sun Council of this city.

BRAINED HIS VICTIM.

A Drunken Man Confesses to Committing a Terrible Crime.

CHICAGO, Oct. 6.—The strange and wild story of John M. Wilson, who staggered into the 12th street station on Saturday last, proclaiming himself a murderer, is true. A dispatch received last night from Philadelphia confirms his tale. He is wanted for the murder of Anthony Daly, who disappeared mysteriously about the middle of February, 1884, from his farm in Montgomery county, Pa. In his drunken talk Wilson told of the horrible manner in which he killed Daly. After he had worked for him he asked for money, and on being refused visited a neighboring village and got crazy drunk. Returning, he stealthily entered the sleeping room of Daly and picking up a meat cleaver brained the sleeping victim. The murderer deliberately hacked the body to pieces, sewed up the severed members in a bag and dropped them into the river. When sufficiently sobered to realize the terrible deed he had committed, he fled the country, arriving in Chicago after almost two years of wandering.

Wilson was seen in his cell at the police station last night. He is a small man, about 27 years of age, a native of Nova Scotia, where his parents and relatives reside. Since his arrival in Chicago he has worked for a milkman on Wentworth avenue. He says he has been nearly frantic ever since he committed the deed and has vainly tried to drown his remorse with liquor. When told that his story had been verified by the Philadelphia detectives, Wilson appeared pleased at the information. As to his punishment he appeared somewhat careless. He would rather not be hanged, he says, but seems to think that that will be his fate.

Cardinal McCloskey Dangerously Ill.

NEW YORK, Oct. 6.—The following bulletin was issued from Cardinal McCloskey's residence today by the clergy in charge: "His eminence the cardinal has had for over two days a change in his condition which renders him very weak and is apparently in great danger of death so much so that it was deemed prudent to minister to him the last sacrament.

The following bulletin was issued at 9 o'clock tonight by his secretary: The cardinal today made his usual profession of faith and received the holy viaticum by ministration of Archbishop Corrigan. There were present Rt. Rev. Bishop Laughlin of Brooklyn, Rev. Dr. McDonnell, Rev. E. Dambresse, S. J., and the cathedral priests. A despatch from the Pope was received expressing his deep sorrow and giving his apostolic blessing."

Dr. E. L. Keyes came out of the house at 9.45 and said the cardinal was weaker at 9 p. m. than at the same hour Monday. The patient was conscious but not able to speak. He was able to take liquid nourishment without difficulty and the doctor felt positive his patient would not die during the night.

Three of the cardinal's nieces are watching with him—Mrs. Cleary of Washington, Mrs. John Kelly and Miss Mullen A. Mullen. A Sister of Mercy and an aged servant are also in attendance.

The right of succession of the coadjutor bishop extends only to the archdiocese, and not to the cardinalate.

SMALL POX.

MONTREAL, Oct. 6.—Official returns at the health office today showed 19 deaths from small pox yesterday in this city, four in St. Jean Baptiste and one in St. Cunegonde. Of the 818 deaths in Montreal during September, 714 were of children and 104 adults.

About 300 rioters attacked the guard at the exhibition grounds tonight and threw stones at the cavalry when the full guard of mounted garrison artillery turned out under command of Major Atkinson and the mob soon dispersed. Two cavalry men were injured as also was Lt. Howard of the garrison artillery in the hand. At midnight everything is quiet.

GENERAL NEWS.

The yacht Genesta will sail for England today.

Dr. Francis H. Doeumer, one the oldest physicians in Paterson, N. J., died yesterday.

Ex-Gov. Thomas Talbot died in Lowell, Mass., yesterday, aged 67.

The signal officer at St. Paul, Minn., yesterday morning reported a killing frost extended southward Monday night as far as northern Missouri.

Citizens of Tombstone, Arizonia have created a bounty fund and offer $250 for each Apache scalp brought in.

The Secretary of the Treasuy has appointed Thomas V. Mullins, acting lighthouse keeper at Race Point, Mass.

A general strike of street car drivers and conductors for higher wages and 12 hours as a day's work was inaugurated in St. Louis, Mo., yesterday afternoon.

At a meeting of the standing committee of the trunk lines in New York yesterday the tariff on cotton between St. Louis and New York was advanced to 30 cents.

Wm. A. Simmons, ex-chairman of the board of the Boston water commission, has moved Council-man Harding and the Beacon, for libel, laying damages at $50,000 in each suit.

S. W. Mullen, a member of the legislature, and W. W. Watson, an attorney, both of Byhalia, Miss., quarrelled after adjournment of the county convention Monday, during which the latter was shot and killed by Mullen.

President Cleveland has accepted the resignation of Wm. B. Fleming as associate justice of the supreme court of New Mexico, to take effect on the appointment and qualification of his successor.

Mrs. Druse, who murdered her husband with the aid of her son, daughter and nephew in Warren, Herkimer county, N. Y., in December and cut up and burned the remains was yesterday sentenced by Judge Williams to be executed on Wednesday, Nov. 27. No woman has been executed in central New York for over 40 years.

Joseph R. Hayden, a $1400 clerk in the pension office at Washington was dismissed yesterday for using gross language toward the Executive of the United States. The offence is alleged to have been committed while he was riding in a carriage on Pennsylvania avenue when it is said he even went so far as to wish for the death of the President. Hayden was appointed by President Arthur but claims to be a Democrat.

PLEASANT HILL.

Tenth Annual Fair of the Scarboro and Cape Elizabeth Farmers.

The Scarboro and Cape Elizabeth Farmers' Association was unfortunate in the postponement of their tenth annual exhibition. It was first announced for Sept. 22d and 23d, but those dates coming in State fair week, Oct. 6th and 7th were chosen instead. Yesterday opened fairly and nearly as large a number as usually attend the first day gathered at the grounds at Pleasant Hill. But at noon a drizzling rain set in and affairs assumed a dreary aspect. The crowd staid however and there were many new comers after it commenced to rain. Treasurer Haskell told them there would probably be no races but they came in just the same, but very few going away. The races advertised for the first day were all postponed and none came off with the exception of the independent one mentioned below. The pulling match continued through the entire day, and the cries of the drivers "hawing and geeing" their cattle filled the air as the PRESS reporter left the grounds when it began to grow dark. This contest was the longest and hardest ever waged there and a large crowd gave Marshal Robinson lots of trouble in their endeavors to get a good view. It was the principal event of the day and all interest seemed to centre on it. The committee did not make their report owing to the lateness of the hour. The winning teams will be given later. Mr. Geo. W. Carter of Scarboro, who has always taken a prominent part as a driver in these contests, was present but on crutches, having lost a leg and unable to do anything but look on and offer a few suggestions. There was an unusually large exhibition of draft oxen. The exhibition of neat stock was rather below the average.

There was an unusual quiet about the grounds owing to the absence of the usual number of hucksters. One enterprising showman who advertised a "prodigy" with eight legs, four ears, two tails and only one eye, and drew custom by means of a band composed of a tired fife and a drum which sounded as if it was made out of a dry goods box had all the trade there was to himself. Uncle John Bradley who makes a Scarboro horse race worth double the price of admission arrived soon after the rain began to fall and protested against postponing the races until the horse owners were consulted. It was not after the way of the old school he said and he carried the day, as he usually does.

THE HALL DISPLAY.

The display of fancy and household articles in the hall was unusually large, and the quality of the articles considerably above the average. In fact the exhibition was so extensive that we shall not undertake to mention as heretofore any particular articles. It is sufficient to say that for delicate and beautiful designs in fancy work and faultless execution of the same the ladies of Cape Elizabeth and Scarboro have reason to feel proud. This department was arranged tastefully by Mrs. J. T. Alexander of Knightville.

In the hall also were several exhibits of golden butter, but as only numbers were attached no names can be mentioned. The number of exhibitors of fruit is not very large this year, but those who brought any brought a good variety. Apples are shown by D. Spaulding of Cape Elizabeth, 10 plates; Miss S. T. Libby, Scarboro, 23 plates; L. Milliken, Scarboro, 21 plates; G. M. McKenney, Scarboro, 24 plates; E. Loveitt, Cape Elizabeth, 25 plates, and N. I. Sawyer, Cape Elizabeth, 14 plates. C. Lindell of Cape Elizabeth shows some fine blackberries and S. Scamman of the same place seven varieties of grapes.

In the annex to the hall is the exhibition of grain and vegetables. In this department Scarboro and Cape Elizabeth farmers never take a back seat. The display this year is excellent. Everything is the very best of its kind and an article that is not first class stands a poor chance. L. Milliken of Scarboro has a splendid variety. He shows Hybrid marrow squash, Hybrid marrow pumpkin squash, three weighing 60, 42 and 42 pounds growing on one vine, best Indian squash, Hybrid marrow chilla, Martha Washington, Hybrid Hubbard chilla, and Mexican squash, Japanese gourds, Kansas cucumbers, Kansas sweet potato pumpkins, Mexican dwarf squash and Milliken's Hybrid pumkin, three weighing 40, 56 and 39 pounds growing on one vine. N. I. Sawyer of Cape Elizabeth shows cabbage, wheat and oats; S. Scamman of Cape Elizabeth, Beauty of Hebron potatoes, D. O. Plummer, Scarboro and Enoch Loveitt of Cape Elizabeth; pumpkins, C. E. Jordan, Cape Elizabeth, wheat and oats; M. T. Milliken, David Plummer and George Plummer, all of Scarboro, cranberries; William Fogg of Scarboro and Scott Fickett of Cape Elizabeth, beans; Scott Fickett of Cape Elizabeth, turnips; E. S. Libby of Scarboro, beets; G. W. Allen of Cape Elizabeth, beets, onions and cabbage; Henry F. Bowers, Scarboro, carrots; Charles E. Hatch, Cape Elizabeth, pine apple squash; C. L. Robinson, Scarboro, cabbage, pumpkins and squash; D. Spaulding, Cape Elizabeth, lettuce; N.B. Lane, Scarboro, pumpkins, squash and potatoes; A. S. Sawyer, Cape Elizabeth, onions; William Fogg, Scarboro, potatoes; J. R. Newcomb, Scarboro, potatoes, turnips and cabbage. Daniel P. Cobb of Cape Elizabeth shows two mammoth squashes. One weighs 220 pounds and is a monster. The other would have been considered immense in past years, weighing 95 pounds, but looks like a pigmy by the side of its brother.

The Race.

As stated above, the advertised races were postponed. But there were several horses present whose drivers wished to race, and the society decided to let them on the track, offering a purse of $10 for the horse taking the best two in three heats. It was trotted in the rain, one advantage being but little scoring, and it was soon over. Peanut of Old Orchard won in two straight heats. Following is the

To-day's Programme.

Today, if pleasant, the races advertised for yesterday will come off, and tomorrow the second day's races. If not pleasant, the next two fair days. The races today will be two—for green horses owned and kept within the limits of the society for a purse of $20, and the 2.50 class, open to all horses for a purse of $45. There are several good entries in both races.

GRAY'S FAIR.

A Splendid Exhibit at the Opening of the Fine New Park.

The Trotting Occurs, Notwithstanding the Rain.

The first annual fair and exhibition of the Gray Park Association opened yesterday under exceedingly favorable circumstances. Although the weather was cool and the sun refused to shine, there was a large number of people present for the first day, 1500 being a good estimate. The park has a splendid situation at Gray Corner, covering fourteen acres of ground. From $6,000 to $7,000 have been expended here the past year, and the enterprising members of the association are to be congratulated upon the evident success of their investment. The following are the efficient officers and managers:

President—George A. Morrill.
Vice Presidents—William Haskell, O. S. Higgins, Charles Cole.
Secretary—John Chase.
Treasurer—Thomas Hancock.
Supt. of Grounds—J. T. Merrill.
Supt. of Hall—John E. Chase.
Supt. of Dining Hall—Silas L. Adams.
Supt. of Horses—Whitman Leslie.
Supt. of Cattle—George E. Merrill.
Men's Hall—Matthew C. Morrill.

Facing the entrance is the two-story

EXHIBITION HALL,

a commodious building, 32x20 feet. The lower floor is used for the display of vegetables, dairy products, and hardware. The vegetable exhibit is very large and shows that the farmers in this vicinity have had a very prosperous year. One side of the hall and one end is covered with corn. The display of butter and cheese is also very good and looks exceedingly tempting.

Up stairs is the exhibition of fancy articles and fruit. The committee on this department have shown great taste and skill in the arrangement of the articles, making a splendid display. There are patchwork quilts, crazy quilts, curtains, and table covers, rag carpeting, yarn rugs and afghans of every description. The Shakers have a large showcase of fancy articles. The art department makes a splendid showing, containing some very fine oil paintings, Kensington painting and crayon work. The Esty organ is on exhibition in a prominent place. For preserves

THE PRESS.

WEDNESDAY MORNING, OCT. 7.

We do not read anonymous letters and communications. The name and address of the writer are in all cases indispensable, not necessarily for publication but as a guarantee of good faith.

We cannot undertake to return or preserve communications that are not used.

Mr. Hendricks, it is said, would like to name at least three of the civil service commissioners.

President Cleveland can hereafter boast of a military record. He has been elected an honorary member of the Veteran Association of the 21st Regiment of New York.

The one person in the country who, above all others, bears the retreat of the Mugwumps with Christian resignation is Mr. Eugene Higgins of the Treasury Department.

Attorney General Garland has as yet resigned neither his telephone interests nor his seat in the cabinet. It is understood that the honest members of his party are not resigned to the Attorney General's conduct.

There is a well grounded suspicion, fathered by the hopes of the Ohio Democrats, that Gov. Hoadly will have an attack of malaria before the time comes for him to debate in public with Judge Foraker.

The fact, which has just come to light, that Gov. Hill of New York was once in company with the noted Tweed puts the Democrats of the State in a queer position. They don't know whether to vindicate Tweed or condemn Hill.

Miss Cleveland is very much annoyed because some of the New York dailies print such ugly portraits of her, and is very much more annoyed because the publishers insist that they are true to life. Since they are woodcuts, and rather below the average at that, the public will sympathize with Miss Cleveland.

The saloon keepers in Massachusetts who, having been convicted of violating one of the liquor laws in the municipal court, appealed, will know better next time. The Judge in each case doubled the fine imposed in the lower court. The example is not a bad one for a prohibitory State like Maine. If such action results in less appeals in liquor cases it is certainly worthy of imitation.

This is the way our terrible protective system works, if we may believe the Springfield Union: European silk manufacturers, despairing of getting at the American market, talk of coming over and setting up factories, under the cover of protection. They know that they will get more and better labor for their wages. This is one of the instances in which the dreadful sin of protection will not harm the country which adopts it.

The return of those luminous sunsets brings back the still unanswered question, What causes them? The theory that they are caused by the dust thrown up by the great Krakatoa eruption in 1883, it seems, must now be given up. There are two remaining theories which to scientific people are quite reasonable. One is that they are caused by an unusual amount of moisture in the upper air, and the other, that they are due to an extraordinary quantity of meteoric dust that has entered the earth's atmosphere from outer space.

The New York Evening Post, the ablest Mugwump of them all, thinks that President Cleveland has no intention of endorsing Gov. Hill's nomination, because the time when such an endorsement would be effective has gone by. It is not customary, it says, for the chief executive of the nation to ratify State nominations. He may of course favor the nominations of his party, but as far as formal endorsements are concerned, he should have nothing to do with them. This is all very true, and it may possibly be the reason why the President has not as yet endorsed Gov. Hill. But the Post should not lose sight of the fact that there are other reasons which may, and probably do, have fully as much weight.

The story comes from Washington that Secretary Bayard was at the bottom of the attempt to cripple the Alabama Claims Court by disallowing the salaries of the minor officials, and that his motive was to help the insurance companies. It seems hardly credible that a cabinet officer would attempt to defeat by indsrection the object of a court established by act of Congress, and stronger evidence of its truth is needed before accepting it as a fact. The probability is that the attempt to cripple the court originated in the head of Manning, the disbarred attorney, and that it was eagerly seized upon by the first comptroller of the treasury as affording a fine opportunity for exhibiting his devotion to reform. But whatever the object the scheme has failed. The expenses of the court have been guaranteed by the suitors, who are anxious to get their claims adjusted before the court expires by limitation.

THE BONDHOLDERS' PLAN.

The committee appointed by the individual second mortgage bondholders of the Portland and Ogdensbvrg Railroad to submit a plan for the reorganization of the company, reported last evening. The report is published elsewhere. In brief it proposes a mortgage of $350,000 to cover the receiver's certificates and some other secured claims, the scaling down of the present second mortgage to $970,000 and the issue of $1,500,000 in preferred stock. The first mortgage is to remain as at present and no provision is made for taking it up when it becomes due. Seven hundred and sixty thousand shares of the preferred stock are to be assigned to the city and the balance goes to the individual holders of the second mortgage bonds and the holders of the third mortgage bonds and floating debt. How much the holders of the two latter are to get is yet to be determined. The plan, though not voted upon last night, undoubtedly has the approval of the individual second mortgage bondholders, and there is not much doubt but the holders of the third mortgage bonds and the floating debt will accede to it also. The only matter in doubt is the consent of the city in its capacity as holder of the majority of the second mortgage bonds. That consent ought not to be given except after full deliberation and with exact knowledge of the effect of the plan upon the control of the city in road.

Judge Symonds in the course of the discussion last night objected to some features of the plan as liable to jeopardize the city's control of the road. It is evident that if the $350,000 and the $970,000 are to be secured by one and the same mortgage the city will be outvoted if the mortgage is foreclosed and the holders of it reorganize the company, for the city will hold only three-fifths of the $970,000 while individuals will hold the balance and the $350,000. The issue of $1,500,000 in preferred stock—the full amount allowed by law—on which two dividends of six per cent must be paid before the holder of common stock will be entitled to any standing will probably completely dispel whatever hopes may have been raised in the hearts of the common stock holders.

Whatever advantages the plan may possess in other directions should weigh very little with the City Council, if in the direction of securing the city's control it is found to be less effective than the foreclosure plan. It is to be hoped that there may be a thorough discussion and a general expression of opinion upon the merits of the two plans, before either is finally adopted.

N. Y. Tribune.

Whatever sympathy the misfortunes of William Heath & Co. and of H. N. Smith may call forth, the business community will not be violently wrenched from stem to stern. It is even possible to find grains of encouragement in such calamities.

THE PRESS.

WEDNESDAY MORNING, OCT. 7.

WIT AND WISDOM.

A student who had made very little progress, in taking leave of one of his tutors, began thus with great pathos: "Herr Professor, it is to you I am indebted for all that I know——" "Stop, stop, I pray!" replied the tutor, "do not mention such a trifle."

Ministers, Lawyers, Teachers, and others whose occupation gives but little exercise, should use Carter's Little Liver Pills for torpid Liver and biliousness. one a dose.

"Does your papa object to my presence?" he asked, timidly creeping near his hat, as he fancied he heard a footstep. "No, I don't reckon he will," came the confident answer; "anyhow, you can send them along and sorter try him."

Stated by H. B. Cochran, druggist, Lancaster, Pa.: "Have guaranteed over 300 bottles of Burdock Blood Bitters for dyspepsia, sour stomach, bilious attacks, liver and kidney troubles."

A lawyer gave as a reason for not going to Europe this summer, that a rich client had just died, and he was afraid if he went the heirs would get the property.

There are many forms of nervous debility in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats &c., should try them.

It is said that the Esquimaux are honest, butit wonjt do to go too fast. There is nothing up where they live to steal. Just give them a chance once in a civilized country.

Boston, Oct. 1. The commission appointed to examine the different bread-raising compounds report the Congress Yeast Powder to be a perfectly pure powder free from all injurious ingredients.

SKIN AND BLOOD

Diseases from Pimples to Scrofula Cured by Cuticura.

Hundreds of letters in our possession, copies of which may be had by return of mail, repeat this story:—I have been a terrible sufferer for years from Diseases of the Skin and Blood; have been obliged to shun public places by reason of my disfiguring humors; have had the best physicians; have spent hundreds of dollars, and got no relief. I used the CUTICURA REMEDIES, which have cured me, and left my skin and blood as pure as a child's.

COVERED WITH SALT RHEUM.

CUTICURA REMEDIES are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe CUTICURA would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the CUTICURA REMEDIES, internally, and CUTICURA and CUTICURA SOAP, externally. J. W. ADAMS. NEWARK, O.

HEAD, FACE AND BODY RAW.

I commenced to use your CUTICURA REMEDIES last July. My head and face and some parts of my body were almost raw. My head was covered with scabs and sores, and my suffering was fearful. I had tried everything I had heard of in the East and West. My case was considered a very bad one. I have now not a particle of Skin Humor about me, and my case is considered wonderful. DECATUR, MICH. MRS. S. E. WHIPPLE.

ECZEMA FROM HEAD TO FEET.

Charlie Eayre Hinkle, Jersey City Heights, N. J., writes: "My son, a lad of twelve years, was completely cured of a terrible case of Eczema by the CUTICURA REMEDIES. From the top of his head to the soles of his feet was one mass of scabs." Every other remedy and physicians had been tried in vain.

CUTICURA REMEDIES

Are sold everywhere. Price: CUTICURA, 50cts.; RESOLVENT, $1.00; SOAP, 25 cts. Prepared by the POTTER DRUG AND CHEMICAL CO., Boston, Mass.

Send for "How to Cure Skin Diseases." GRUBS, Pimples, Skin Blemishes, and Baby Humors cured by CUTICURA SOAP.

Indigestion Cured.

I suffered for more than five years with indigestion, scarcely able to retain the simplest food on my stomach. The burning sensation was almost intolerable, and my whole system was deranged. I was wakeful and could not sleep, and consequently never felt refreshed all the time. I declined in flesh, and suffered all the usual depression attendant upon this terrible disease. In a word, I was miserable. At last, failing to find relief in anything else, I commenced the use of Swift's Specific. I began to improve at once. The medicine toned up the stomach, strengthened the digestive organs, and soon all that burning ceased, and I could retain food without difficulty. Now my health is good, and can eat anything in the shape of food, and digest it without the slightest difficulty. I most cheerfully bear this testimony, because there are hundreds suffering as I was, and I am sure they can be as readily healed. Take the prescribed dose after eating, instead of before. Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays the pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Warden A. A. Brush, of the Sing Sing, New York, State Prison, says Brandeth's Pills are the most valuable cathartic he ever used. He has been a great sufferer from rheumatism and blood poisoning, but obtained very little relief from medicine or doctors until he commenced using Brandeth's Pills. He took fifty Pills in ten days. They not only cured him of rheumatism, but gave him a vigorous appetite and purified his blood completely.

FRANKLIN S. J. COURT.

BEFORE JUDGE HASKELL.
[Reported for the Press.]

FARMINGTON, Oct. 5.

State vs. Read A. Smith and Eugene H. Smith. The defendants in this case, with one David S. Libby, who is alleged to be the game warden of Penobscot county, were indicted at the present term for the killing of deer in violation of the game laws. The two Smiths were arraigned, and each pleaded not guilty. Libby has not yet been apprehended. One of the witnesses testified that no dogs were used by the party in Maine, or in Canada, in hunting deer; that they did not hunt at all in Maine, but that they did use dogs in hunting in New Hampshire, where the laws did not prohibit it. In charging the jury the court ruled that no valid judgment could be entered under the first four counts in the indictment, and after being out a little more than an hour, the jury returned a verdict of guilty against the defendants under the fifth, sixth and seventh counts in the indictment of killing one deer each.

Judgment Against the Ogdensburg.

In the Circuit Court of the United States for the district of New Hampshire, in the suit of the Mercantile Trust Company against the Portland & Ogdensburg Railroad Company, Philip Carpenter of New York, formerly of New Hampshire, filed a petition for leave to sue Receiver Anderson to recover damages for a lot of cordwood hauled to a point inside of the location of the Portland & Ogdensburg railroad in Dalton, to be loaded on the cars of the Boston, Concord & Montreal railroad, to whom the wood was sold. Of this wood, 162 cords were burned on the 4th of August, 1884. The court has allowed the claim for the value of the wood destroyed, with costs, the receiver to pay the amount found by the court against him out of any earnings of the road in his hands.

Cape Elizabeth Ferry.

Yesterday, Hon. Henry B. Cleaves and F. H Harford, Esq., appeared before the County Commissioners and presented a petition signed by A. V. Cole and others, citizens of this county, asking for the location of a public highway and ferry landing for the accommodation of travel between this city and Cape Elizabeth.

The Harbor Commissioners in their communication of September 4th to the city government, represent, that between the Grand Trunk and Eastern depots the wharves are so long and the docks so narrow that the regular running of a large boat the entire length of the dock would exclude much of the business and lessen the dock accommodations. This suggestion, the petitioners claim, if followed out would exclude the location of a ferry way into any dock between the Grand Trunk and Eastern depots.

After the communication of the Harbor Commissioners the city government voted to oppose the location of a highway and ferry landing into any portion of Custom House dock. The petitioners are desirous of obviating the objections suggested by the city government and the Harbor Commissioners and have accordingly filed this new petition, while the other is still pending, asking for the location of a highway and landing from a point on the centre of Commercial street down to tide water and for sufficient distance to give a landing for teams and passengers.

A hearing will be had at an early day.

A Vexed Question.

The New Brunswick Railway Company has had built for the road six new locomotives, several new passenger coaches and a large number of freight cars, which are now being delivered. As the rolling stock was built in the States for a company having its headquarters in New Brunswick, but intending to use the same for the transportation of passengers and freight between points in the States and points in New Brunswick, the question of the amount of duty to be paid upon the new rolling stock is just now a vexed question for the Minister of Customs to decide. The cars will undoubtedly be run more miles upon the Maine Central road in Maine than upon the New Brunswick road in the Province. At the present time an entire passenger train composed of the new rolling stock is being run between Bangor and St. John, 114 miles in Maine on the Maine Central and 92 miles in New Brunswick on the New Brunswick road.

The Deserted Paralytic.

Moses R. Butler, the paralytic, reported abandoned at Dover, N. H., by a middle-aged woman, is well known in Beverly, Mass., where he has resided with the woman, his wife, for several years. The parties went to Beverly, it is believed, from Maine. The wife is able to work. It is thought that she is of Indian descent—probably from the Oldtown tribe. She has found her husband a great incumbrance, and within a fortnight called on the chairman of the selectmen to see if she could have him sent to the almshouse. It was ascertained, it is stated, that the couple had no residence in Beverly, and that, if taken, it would be as State paupers, and that they must go to Tewksbury. It is supposed that the wife was taking her husband back to Maine, and for some reason or other stopped off at Dover.

Precautions Against Small Pox.

Active measures for the prevention of the introduction and spread of small pox are being taken in Biddeford, Saco and Brunswick. The city council of Saco has established free vaccination for all who choose to avail themselves of the privilege and the same course is to be taken in Biddeford. The operatives in the mills at Brunswick have been vaccinated by order of the agents, and last Wednesday so many of the hands were sick with their vaccinations that the mills had to shut down. The case of small pox reported at Harpswell has been quarantined with no prospect of its spreading. The State Board of Health is to vaccinate the employes of the Grand Trunk in this State and of the Maine Central.

The Incandescent Lights.

Last evening eighteen of the new incandescent lights were lighted in Ward One. The effect was fine, and the contrast in the brilliancy of the streets, from their former condition marked.

City Hall was lighted by forty of the incandescent lights, of sixteen candle power each. The light was very pleasing, but not strong enough. Tonight the power of the lights will be increased to thirty-two candle power each. It is suggested that a row of lights be run under the galleries.

French and German.

Mrs. A. M. Kittredge announces in another column that she will form afternoon classes in French and German at Mrs. Caswell's school rooms, 96 Park street. The languages will be taught under the National or Sauveur method and no English will be used. Mrs. Kittredge refers to Dr. L. Sauveur, Germantown, Pa., and Dr. Sarah Devoll of this city.

Heavy Seizure.

Deputy Sheriffs Gribben and Sterling made a seizure of 44 barrels and two half barrels of California wines and brandy, in a car of the Eastern railroad, lying in the Boston and Maine yard. The barrels were directed to Mr. Heselton who is said to be a hotel keeper at Skowhegan.

The Montgomery Guards.

Capt. Gallagher will state something of importance to the honoraries of the Montgomery Guards at their meeting in the armory tonight at 8 o'clock. The company will also go through the drill proposed to be given in New Haven on their trip to that city October 13th.

MUSIC AND DRAMA.

THOMAS' ORCHESTRA.

The Thomas Orchestra will be at City Hall tonight, opening the Stockbridge course. The orchestra numbers sixty musicians and has been thoroughly reorganized since its last appearance here. By request we republish the programme:

The concert will commence precisely at the advertised time, and, to avoid any disturbance by late comers, the doors will be kept closed during the performance of any movement.

Two minutes will be given before the last number on the programme to allow those who wish to leave the hall to do so without disturbance, and it is earnestly desired that none will leave their seats during the performance of the last number.

Six door keepers will be on duty to-night. Two at the front, two at the back and two at the side stairs of the hall, which will be used this year in addition to the others.

CHARLOTTE THOMPSON.

To-night Miss Thompson, one of the leading actresses in the country, supported by Mr. Geo. Learock, an old acquaintance of Portland theatre goers, and other excellent talent, will appear at Portland Theatre in "Jane Eyre." Thursday night "Phyllis Denohr" will be presented. The following is the plot of this play:

The play opens in London, where Melville has succeeded in winning the affections of Phyllis Denohr, a beautiful girl, left alone in the world by the death of her mother. Melville at her mother's request has induced Phyllis to consent to a secret marriage. Robert Freeman, a young Devonshire doctor, has long been Phyllis's lover. She tells him of her secret marriage and begs him to remain ever her friend—her brother. The second act is laid in Paris. It is in the time of Napoleon and bands of men collect, from whom at intervals are heard hoarse shouts of "Vive Napoleon." The apartment represented is occupied by Melville and Phyllis who have been married nearly a year. Melville still refuses to make the marriage public and has begun to hate Phyllis, who stands in the way of his other amours. The scene ends with a thrilling interview in which Phyllis changes from the meek, submissive girl to the outraged, indignant wife. The third act is laid in England. Phyllis has been deserted, her child has died, and she is on the verge of madness. She appears at the window of Freeman's house at night, in the midst of a driving snow storm. Freeman takes her in, listens to her tragic story, notices that her mind seems wavering; leaves her for a moment to procure aid, when in her approaching delirium, she again wanders out into the storm. The scene changes to the open country. The storm still rages. Francois, an avenger and Melville meet. A conversation bitter and defiant follows. Francois is struck in the face and shoots Melville through the heart. The voice of Phyllis is now heard in hysterical laughter. She enters—here is the grand climax of the play. The auditor is lost in the excitement and realism of the scene. Wandering aimlessly about the stage, Phyllis comes upon Melville's dead body. She stoops over him, gradually changing her tone from tender pity to exultant rage. The fourth act presents a lovely scene in Seville, Spain—where Freeman has hurried Phyllis, fearing the law may hold her for the murder of Melville. Phyllis, who has entirely recovered her faculties, retains a dreamy memory of the scene beside Melville's body, but thinks it only a dream. The fifth act is still in Spain—Francois learns of Phyllis's resolve and tries to dissuade her but she remains fixed in her purpose. Detectives arrive in Spain in search of Phyllis, and are about to arrest and drag her away, when Francois comes forward and acknowledges his crime.

IDEAL OPERA COMPANY.

The Ideal Opera Company will appear at City Hall next Friday evening in Adam's new opera "Giralda," which has never been given here. This is a bright, melodious opera, said to be very attractive in the efficient hands of the Ideals. The plot turns on the proposed marriage of Giralda, the orphan daughter of a banished nobleman, adopted by an innkeeper and betrothed against her will to a miller. An unknown knight presents himself at the marriage and by a trick takes the place of the miller and becomes the husband of Giralda. Then ensues a contest for the possession of Giralda, between the miller, the knight and a duke who later takes a fancy to Giralda. After a series of amusing complications the story works itself out to a happy finish.

NOTES.

The condition of John E. Owens, the comedian, who is at his home in Maryland, is regarded as critical. He is suffering from cancer of the liver.

PORTLAND & OGDENSBURG.

The Plan Proposed for Voluntary Reorganization.

Discussion of the Measures by Interested Parties.

A second meeting of the committee on the reduction of the public debt, to whom was referred the question of the re-organization of the Portland & Ogdensburg Railroad Company was held last evening at the Mayor's room in the City Building. Mayor Deering, Messrs. E. A. Noyes, Theodore C. Woodbury, W. F. Lunt, City Solicitor Symonds, P. H. Brown, Gen. S. J. Anderson, City Treasurer Hersey, Daniel F. Emery and City Clerk Burgess were present. The object of the meeting was to listen to the report of the subcommittee appointed at the meeting Saturday night to draw up a plan for the voluntary reorganization of the road.

The following is the report of the committee which was read by W. F. Lunt, Esq.:

To the Holders of the Second Mortgage Bonds of the Portland & Ogdensburg Railroad:

Your committee have investigated the affairs of the Portland & Ogdensburg road and submit to you a plan for the re-adjustment of the present indebtedness of the road. This plan we believe is in its substantial details, the one most certain to secure the property rights of the bondholders, and especially to preserve the property against the possibility of accidents, financial misfortune or official mismanagement.

We recommend that the present capital stock be retained, the city of Portland having a majority interest therein.

The first mortgage upon the Portland division does not mature until 1900 and this need not be disturbed.

We then find an indebtedness in receiver's certificates. These are a bottom lien upon the whole property, and their payment must in any event be provided for.

The sum thereof is now $250,000, bearing interest at 5 per cent. per annum.

We also find due the balance of loan, called the Dalton extension loan, the payment of which is secured by a pledge of $108,000 of the second mortgage bonds of this road.

The receiver has been authorized by the courts, if he has funds which he can apply, to take up the loan. The amount is $26,797.02 with accrued interest for about one year.

Part of the rolling stock of the road, both locomotives and cars, is subject to the liens of the Portland Company and the Wason Manufacturing Company, and payment of their claims must be provided for in the sum of $27,905.76.

Payment of coupons on the first mortgage bonds, due in July 1885 and January 1886 in the sum of $48,000. And coupons on receiver's certificates due November 1, 1885, in the sum of $7,500 must be provided for.

For the preservation of the rolling stock, an addition must be made to the locomotive round house, at a cost of $3600, and expenses in fitting up car shops incurred to the amount of $3000 in all $6,600.

There will be due on bridges, now in course of construction, a balance of $1,227.

The necessities of the road require in the near future the building of iron bridges on the line in New Hampshire at a cost of $15,600 and in Maine at a cost of $20,000. Provision must be made for these items of expense, but immediate payment is not required.

The mortgage upon the land where the car shops stand is $5,000 and mortgages of the office and other lands $8,800.

Against this amount we can credit item for old iron on hand $25,000, and net earnings of road to January 1, '86, $20,000; in all, $45,000.

It will be sufficient if we provide security for the sum of $100,000 which we believe will be a sufficient sum to meet these obligations and to release the road from the hands of the receiver, and which sum added to the amount of the certificates issued will make an aggregate of $350,000. Nearly all of this sum is now a first lien upon the property of the road, and until the certificates are paid, or a provision made for their payment, neither the stock nor the bond holders can assume control of the road.

If we should leave it for the receiver to accomplish the payment of the above mentioned amounts, the bondholders would be obliged to wait from seven to ten years before receiving the payment of any interest.

The committee believe that a loan of the whole necessary sum of $350,000 may be effected by giving it a preference as a first lien in the new mortgage to the amount of $350,000, bearing interest at 5 per cent per annum.

We now come to the readjustment of the second mortage indebtedness. We have taken the date of November 1, 1884, when the coupons became due next after the appointment of the receiver.

At that time and now the total amount of bonds considered as sold was.....$2,387,500
Accrued interest at that date..... 1,485,714

Total amount to be provided for...$3,873,214
The interest of the City of Portland therein.....$2,092,500
The balance held by sundry persons is 1,780,714
The city having a plurality of..... 311,686
The liability of the road upon the consolidated bonds and notes endorsed for Vermont corporations aggregate about..... 109,000
And the unsecured indebtedness not exceeding..... 150,000

A new mortgage should not overload the road, but it should nevertheless be as large as the resources of the road will permit.

We have investigated the earning capacity of the road, and there is no doubt that if the finances of the road are adjusted as we contemplate, and its property put in first class condition, as the means provided will permit, then the net earning capacity of the road available for the payment of fixed charges, will exceed $100,000 per annum, with a prospect of a fair increase in the near future.

We propose the issue of twenty year bonds, secured by a mortgage on the whole line for $970,000, or a traction over twenty-five per cent. of the amount due on the second mortgage bonds as aforesaid, the bonds to bear interest at the rate of two per cent. per annum for the first three years, four per cent. for the next twelve years, and five per cent for the next five years. This interest the road can easily pay.

We also propose the issue of $1,500,000 in preferred stock, that being the full amount authorized.

This stock will be entitled to receive any surplus earnings above fixed charges, to the amount of six per cent. per annum, any excess being at the disposal of the holders of common stock, after two dividends.

Provided the holders of the consolidated bonds and unsecured debts will accept of a fair per centage of their claims in settlement thereof, we propose to issue to them preferred stock. The proportion of this issue of stock, to which the city of Portland would be entitled, after the payment of the last mentioned claims, might deprive it of a majority of the common and preferred stock, but recognizing the peculiar property rights of the city of Portland, always retaining control of this property, we propose that $760,000 of the preferred stock be issued to the city of Portland, and the balance, after adjusting the claims above mentioned, shall be divided pro rata among the private bond holders.

This plan will always give the city a good majority of the common and preferred stock, and also practically of all the bonds to be issued, for the preference bonds being for a small amount and a prior lien, can always be taken care of by the company's earnings, and will never come in to share with the city and other bond holders in the control of the road.

The total indebtedness of the road when so adjusted will be as follows:

First mortgage on Portland Division...$ 800,000
Mortgage on whole property to secure 1st lien preferred bonds..... 350,000
Bonds in lieu of present 2d mortgage bonds..... 970,000
Total..... $2,120,000

Before the expiration of twenty years, the business of this road will so increase that with a fair management, its credit will be of the best, and its indebtedness can then be *readily* placed as may then be for the interest of the road.

The advantages to be derived from this plan of adjustment over any scheme of foreclosure are manifest.

A valuable charter under which the road may be saved from taxation to the amount of many thousand dollars, will be preserved, the common stock will be saved, litigation and its attendant evils and expenses will be avoided, a strict economy in the management of the road will be necessitated by the regular requirements of the payment of fixed charges, the diversion of the income of the road to other enterprises prevented, and the property of the present bondholders in this road safely secured, protected from accidents or mismanagement.

We believe this plan to be emphatically for the best interest of all parties concerned, and we urge upon you the necessity of a speedy action, since delay of a few weeks, will by the foreclosure deprive all parties of this opportunity to save in perpetuity this valuable property.

At the conclusion of the reading of the report, considerable discussion ensued as to some of the provisions of the plan, although the majority of those present seemed to be in favor of its adoption.

Mr. Brown asked why the issue of bonds had not been made sufficiently large to provide for the payment of the first mortgage, the amount issued for this purpose to be held in trust until the maturity of the first mortgage bonds.

Mr. Noyes, in reply, stated that it was feared the adoption of this plan might deprive the city of its controlling interest. Mr. Woodbury was of the opinion that by this arrangement the city would get a better bond, but the plan would not be so likely to be favorably received by the city government. Mr. Brown stated that it would make no difference to the first mortgage bondholders what plan was adopted, but that the issue of bonds for the payment of the first mortgage would in his opinion be to the advantage of the city.

Judge Symonds said that he should object to the placing of the bonds for the $350,000 indebtedness in addition to the issue of the $970,000 in the same mortgage. By so doing the city will be out-voted in its own mortgage. Judge Symonds asked if it would not be better to take up the floating debt with the net earnings of the road. Instead of paying its temporary indebtedness, the road is perpetuating it in order that a dividend may be paid for a few years. The way to protect the city's interest is not by perpetuating the floating debt, which if done once may easily be done again. Excuses for such a course might readily be found in the future. In the opinion of Judge Symonds, every feature of the plan reduces the city's power of control in the company. Judge Symonds said that he did not believe in a plan which denied the city's right to its own property.

Mr. Brown said that the plan adopted by the committee takes the road out of the hands of the receiver.

Mayor Deering said that by taking up the floating indebtedness and receiver's certificates with the net earnings of the road seven and one-half years would be required in paying the $350,000.

Mr. Noyes mentioned the importance of keeping the city's expenditures at as low a figure as possible.

The issue of preferred stock to the full amount of $1,500,000, authorized by the legislative enactment, was the subject of considerable discussion. The object of this issue was stated by the committee to be to secure to the city the whole of its property to which it was entitled.

The Mayor thought the City Council would be apt to object to the issue, and stated that he hoped to see the stock scaled down to something approaching its value.

Mr. Brown thought that the scaling down would be a hopeless operation.

Judge Symonds asked why, if the preferred stock was to have no value, it was expedient to issue it. Mr. Brown replied that the owners of the road, in the event of the issue of such stock, would have a part of their property in negotiable form. Judge Symonds thought that there was trouble to be expected between the holders of common and preferred stock.

As so few were present, and as Mr. Ricker, one of the committee, was not in attendance to sign the report, nothing further was done and the meeting adjourned.

Proof of the Pudding

Is in the eating; and proof of the excellence of a medicine is its acceptance by the public. Ask your druggist, or almost anyone, and they will tell you that the merit of Hood's Sarsaparilla, where it has been introduced, has caused it to ride

ROUGH SHOD

over all competitors into the very heart of public confidence, and to-day it has a record of success and of cures unequaled by any other medicine.

Hood's Sarsaparilla

Has met unparalled success at home. Such has become its popularity in Lowell, Mass., where it is made, that whole neighborhoods are taking it at the same time. The same wonderful success is extending all over the country. Its positive merit makes new friends daily. Try it.

Gives Health and Strength.

"I was generally run down, had no appetite, and felt the need of a good tonic. I have taken other medicines, but never used any that did me so much good as Hood's Sarsaparilla. I now have a good appetite and feel renewed all over, am better than I have been for years." E. H. RAND, 41 West 9th street, Oswego, N. Y.

"I had catarrh nine years, and suffered terribly with it. Soon after I began to take Hood's Sarsaparilla the catarrh troubled me less, and after taking three bottles I was entirely cured." JANE HINEY, Lumberton, Clinton county, Ohio.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared by C. I. HOOD & CO., Apothecaries, Lowell, Mass.
